GROSSING STATION

G-CORE-24

Grossing station is designed for medium or large laboratories, the Premium Series Backdraft Grossing Station offers a sturdy, customizable, and affordable workstation with enhanced suction capacity. Its advanced safety and utility features improve grossing efficiency while protecting operators from harmful formalin fumes and chemical vapors.

KEY FEATURES

- Ergonomic low-profile design with spacious work area
- Medical-grade SS 304 stainless steel construction (1.1 mm)
- Advanced backdraft ventilation and fume extraction system
- Integrated Front Air System (FAS) for operator protection
- Dual 8-inch exhaust duct ports for efficient airflow
- Real-time airflow monitoring with safety alerts
- Built-in water faucet with mixing flow control
- Direct formalin supply system with top-mounted tank
- Simultaneous water and formalin access
- Integrated sprinkler sanitation and rinse system
- Removable perforated work plate for easy cleaning
- Built-in washable weighing scale
- Magnetic tool holder with shelves and storage drawers
- Multiple power outlets with USB ports and GFCI protection
- Concealed cable management system
- Heavy-duty floor-mounted construction with seismic support
- High-intensity LED illumination
- Built-in germicidal UV sterilization light
- Custom filtration system for enhanced air quality and safety
- Easy-to-clean hygienic design for laboratory use
